REASONS FOR ALLOWANCE

Claims 3, 4, 6-8 and 10 are allowed.

The following is an examiner's statement of reasons for allowance: A catheter for heat exchange comprising an inner tube within and outer tube, both tubes defining heat exchange fluid flow paths, and a plurality of hollow fibers having walls defining lumens for containing the heat exchange fluid sealingly coupled to the first and second heat exchange lumens. The catheter also includes a seal tube disposed on the catheter inner tube, near the proximal end of the hollow fibers, forming a seal with the distal end of the outer tube and the proximal end of the hollow fibers. The inner tube is movable relative to the outer tube and such movement changes the orientation or configuration of the hollow fibers.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

The application having been allowed, formal drawings are required in response to this Office Action.
